

# THE ENTERPRISE.

VOL. XIV

SOUTH SAN FRANCISCO, SAN MATEO COUNTY, CAL., SATURDAY, JUNE 29, 1907.

NO. 26.

## EAGLE WILL SCREAM LOUD IN SOUTH CITY

Francis J. Heney and Superior Judge George H. Buck Will Be the Orators—W. J. Martin to be President of the Day.

Elaborate Preparations Have Been Made to Make Celebration a Memorable One in the History of San Mateo County—Will Give Barbecue.

The Fourth of July celebration in South City this year will be one on a very large scale. Extensive prepara-

and the carpenters who so generously donated their labor and \$25.00 in cash will erect the platform Saturday afternoon, June 29th.

All of the citizens have agreed to clean their premises on Monday, July 1st.

Mr. Al Adams will give an exhibition of tight-rope walking on the grounds.

The tents for the various concessions will arrive and be erected on the morning of July 3rd.

The Women of the Woodcraft will be in the parade with a beautiful float.

Six of our best citizens, to be named by the Marshal of the Day, will be sworn in as special officers.

Assurances have been received that at least three camps of the Native Sons of San Francisco parlor will attend in a body and bring drum corps.

## DEBENEDETTI-CUNEO WEDDING CEREMONY

The Affair Was Marked With Much Pomp and Ceremony—Bride Was Handsomely Attired for the Occasion.

Young Couple Will Make an Extended Tour of Southern California Before Returning to South City, Where They Will Reside Permanently.

In a bower of lilies and ferns in the auditorium of St. Mathew's Catholic church, of San Mateo, Archbishop Riordan proclaimed Miss Rose Cuneo the wife of John L. Debenedetti at 10 o'clock Thursday morning. Hundreds of friends and relatives from all parts of San Mateo county, together with relatives from San Francisco, crowded the church to witness the wedding.

The affair was marked by much pomp and ceremony.

The bride is the daughter of the late Joseph Cuneo, Italian contractor and capitalist of San Francisco, and of Mrs. Mary Cuneo, formerly a belle of this county. The interests of the Cuneo estate, directed by J. P. Giannina, the vice-president of the Bank of Italy of San Francisco, are valued at millions. The groom is best known in South San Francisco where he is a merchant. His father is supervisor from Half Moon Bay.

The bride was attired in a gown of white satin trimmed with Venetian and Irish point lace especially designed by Parisian makers. She carried a large bouquet of orchids and lilies of the valley. The maid of honor was Miss Regina Cuneo, sister of the bride, who wore a handsome gown of white. The bridesmaids were Misses Mary, Josephine, and Johnnie Debenedetti, who wore a handsome gown of white. The flower girl was Miss Mary Debenedetti, who wore a white dress. The ring bearer was Mr. John Debenedetti, who wore a white suit. The officiating minister was Archbishop Riordan.

The following prizes will be given during the day: Woodmen drill team, \$50; baseball game, \$25; tug of war, \$20; public wedding, \$20; hose team race, \$20; ladies' horse race, \$10; men's horse race, \$10; men's running race, \$7.50; thin ladies' running race, \$5; fat ladies' running race, \$5; throwing 16-lb. weight, \$5; catching greased pig, the pig; girls' egg race, \$3.50; best float in parade, \$10; boys' sack race, \$2.50.

satin touched with gold and light blue and trimmed with Venetian lace and Irish point cuffs. She carried a shower bouquet of purple and pink sweet peas. Miss Irene Debenedetti, sister of the groom, and Miss May Cuneo, sister of the bride, were the bridesmaids. They were gowned in green liberty satin over pink chiffon and taffeta silk. They carried carnations. Irene Cuneo, the youngest sister of the bride, was the flower girl, and was very prettily and daintily dressed in white hand-made lace over a water green slip of silk. She wore Dresden blue ribbons in her hair and had a large bouquet of baby roses.

George Debenedetti, the groom's brother, was best man, and Henry Barbies, Joseph Cereghino, Fred Dryer and David Martin, son of W. J. Martin of South City, were ushers.

## "CONFUSION" WAS A TREMENDOUS SUCCESS

The Young People Who Took Part Rendered Their Lines in an Efficient Manner.

Metropolitan Hall Was Packed to the Doors With Appreciative Audience—Performance Roundly Applauded—Many From Other Places Present.

The rendition of the farce-comedy, "Confusion," by the South San Francisco Dramatic Club last Saturday evening in Metropolitan Hall, was a

METROPOLITAN HALL BUILDING

tions have been made to make the affair a memorable one in the history of San Mateo County. Francis J. Heney will be the orator of the day. He will be followed by an address by Superior Judge H. Buck, of Redwood City.

The celebration will commence with a parade at 9:30 a. m. The line of march is given in another column. There will be many floats, as the rivalry between the fraternal organizations throughout the county is great and each will strive to outdo the other, in the uniqueness and elaborateness of its floats.

A barbecue will be held in the afternoon, and thousands are expected to enjoy the feast.

In the evening there will be an electrical display with an abundance of fireworks. Two dances will be held in the evening to conclude the festivities.

W. J. Martin will officiate as President of the Day. E. W. Langenbach will be Grand Marshal and District Attorney J. J. Bullock Assistant Marshal. Harry E. Styles will read the Declaration of Independence.

Miss Hannah Cohen was elected as one of the aids to the Goddess of Liberty. The Goddess will be Miss Emma Guerra. Aids: Miss Alice Ringue and Miss Hannah Cohen.

The various Committees of Fourth of July celebration report that all arrangements have been made and that the celebration will be a glorious success.

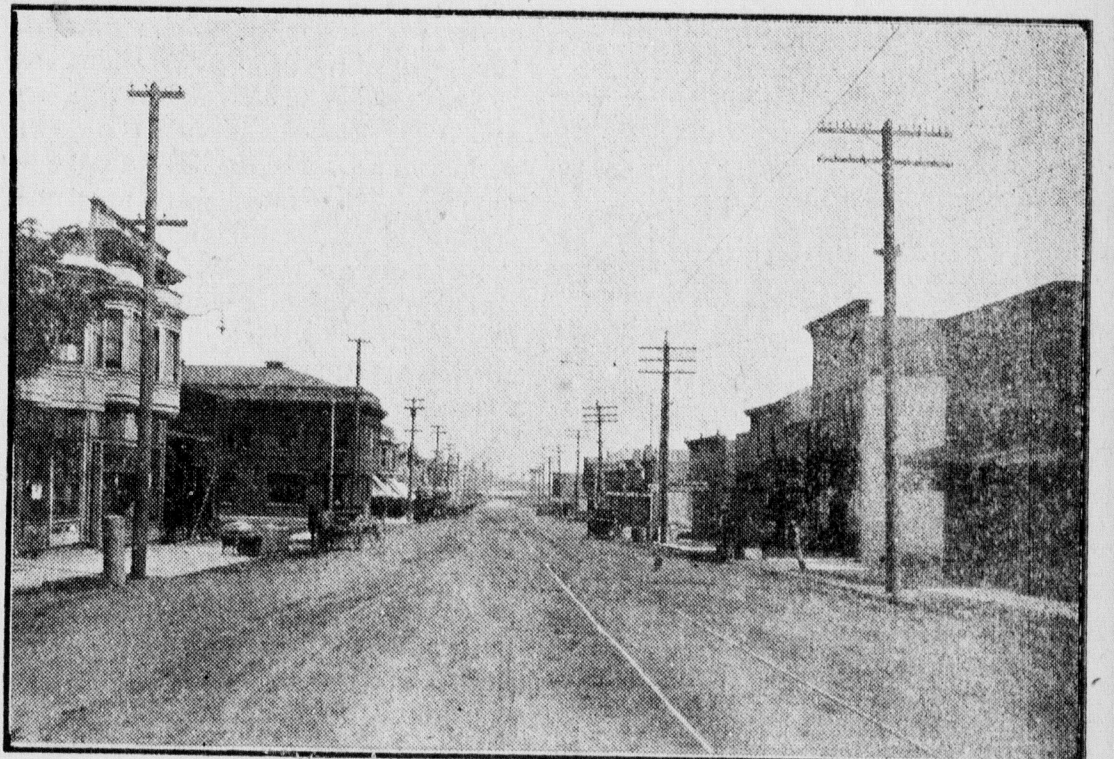

The town will be in gala attire. Every business house will be decorated and streamers of flags strung across the streets. Mr. Hudson, of the Tanforan Race Track, will have charge of the races.

The horse with his head where his tail ought to be, known as the "Bivolopus," will positively be here.

Refreshments, consisting of barbecue beef, sandwiches, ice cream, cake, candy, beer, wines, cigars, etc., will be served on the grounds.

Mr. Frank Miner has kindly donated six horses to draw the float representing the ship of state.

The lumber will be on the ground

A View of Grand Avenue, South City, on which Fourth of July Parade will Countermarch.

Frank J. Cuneo, oldest brother of the bride, gave her away in the presence of her mother and the groom's parents, Mr. and Mrs. Joseph Debenedetti.

Following the ceremony the bridal party repaired, amid a shower of roses and rice, to the residence of the bride, where a reception and a repast were held beneath the elms. One hundred guests were invited.

The young people left for an extended tour through the southern part of the state to return in several weeks to take up their residence in South City.

### NOTICE.

Applications will be received by Adolph Jacobs, President of the South City Board of Trade, for the position of permanent night watchman of South City.

tremendous success. The young people who took part rendered their lines in an efficient manner. There were many comical situations during the performance, which were applauded heartily by an appreciative audience, which taxed the capacity of the large hall.

The play was given under the direction of Mr. J. Lawrence McCarthy, who assumed the character of Mortimer Mumbleford in a very efficient manner. The wife, Rose Mumbleford, was performed in a careful and painstaking way by Miss Grace Martin. Mr. Dalton McCarthy, as Rupert Sunberry, was at home with his part and was well received by the audience. Miss Ina Perham represented the character of Miss Lueretia Tickleby, an old maid who had hopes of being married soon, in a very natural way and received considerable applause. Mr. John Martin's rendition of Christopher Blizzard, the old bachelor, was very good. Maria, by Miss Grace McIntire, was also good. Violet, by Mrs. Henry Plymire, was excellent. Dr. Bartholomew Jones, by Mr. John E. Waibel; James, by Mr. Ephraim Brown, and Muzzle, by Mr. Herschel Larrack, were portrayed in a very conscientious manner.

Following the play, Mr. Ernest

## NEW FIRE LIMITS OF SOUTH SAN FRANCISCO

Its Boundaries as Finally Determined Upon by Board of Fire Commissioners.

The following proclamation has been issued by the Board of Fire Commissioners of South San Francisco, and is self-explanatory: "Notice is hereby given that from the date hereafter set forth, the fire limits of South San Francisco, as fixed by the present Board of Fire Commissioners of the said unincorporated town of South San Francisco, County of San Mateo, State of California, according to law, are as follows, to wit:

"Beginning at a point on the northwest corner of Cypress and Railroad avenues of said unincorporated town of South San Francisco; running thence in a westerly direction 4,162 feet along the northerly line of Railroad Avenue to the northeast corner of Orange and Railroad Avenues; thence northerly along the easterly line of Orange Avenue 338 feet to the northerly line of Commercial Avenue; thence in a westerly direction along the northerly line of Commercial Avenue 2100 feet to the easterly line of Chestnut Avenue; thence in a northerly direction along the easterly line of Chestnut Avenue and Automobile Boulevard (same being a continuation of said Chestnut Avenue) 3500 feet to a certain granite monument on the northern boundary of the holdings of South San Francisco Land and Improvement Company; thence in an easterly direction 750 feet to another certain granite monument; thence in a north northeasterly direction 625 feet to another certain granite monument; thence in an east northeasterly direction 1550 feet to a certain monument; thence in an east southeasterly direction 2400 feet to the right of way of the Southern Pacific Company; thence in a southwesterly direction along the westerly line of said Southern Pacific Company right of way 5200 feet to the northwest corner of the intersection of Commercial and Division Avenues; thence along the northerly line of Commercial Avenue 400 feet in a westerly direction to the point of commencement.

"Dated at South San Francisco, County of San Mateo, State of California, this 16th day of May, 1907.

"By Board of Fire Commissioners:  
"E. W. LANGENBACH,  
"J. L. WOOD,  
"J. JERGENSON."

Fire Commissioner Langenbach states that the present condition of the treasury for fire purposes is low, and that it will be necessary to raise \$2000 in order that sufficient protection can be given in case of fire.

## TO CANCEL INSURANCE

The Fire Underwriters announce that they will cancel all insurance of parties selling explosives in South City on or before July 4th.

## FOURTH OF JULY DECORATIONS

Be sure and go to W. C. Schneider's early for your Fourth of July decorations. He has an extensive supply of bunting, festooning, flags and decorations suitable for the occasion on hand. First comers will have a large assortment to choose from. j15-3t

## Fourth of July.

All patriotic citizens who have saddle horses are requested to act as aids to the Grand Marshal on the Fourth of July. Those who desire to do so may leave their names with Grand Marshal E. W. Langenbach. j8tf

## LOCAL HAPPENINGS TOLD IN BRIEF

Born—In South City, June 24, to the wife of J. Doud, a son.

Jesse O. Snider will leave South City next Wednesday for the Eastern States, where he will be gone a month.

A business meeting of Grace Guild will be held at Guild Hall Monday afternoon at 3:30 o'clock.

To Let—One front room in private family for young man. Inquire at South City Pharmacy. je29-3t

Miss Jennie Lawson, who has been visiting friends in Fresno for the past week, returned home Saturday.

Frank Shaw, of San Juan, has been spending the week with his aunt, Mrs. Carrie McIntyre.

Misses Rose Pfefferle and Julia Smith, after visiting friends in South City, departed for their homes in Los Angeles a few days ago.

Mr. Geo. L. Perham and his estimable wife, of Baden Station, were visitors at W. J. Martin's residence last Monday evening.

George Kneese, former resident of South City, was a visitor here last week. He has just returned from a trip to Germany.

Geo. R. Sneeth will give a barn party at his home in San Bruno this evening. The invited ladies are to wear white dresses, and the gentlemen black coats and white trousers.

Requests have been made to the South City Dramatic Club for them to present "Confusion" again in South City, also in San Bruno and San Mateo.

A monument erected in memory of the late Peter Fox was unveiled at Mt. Olivet Cemetery with elaborate ceremonies under the auspices of Progress Camp, W. O. W., on last Monday afternoon. There was a large attendance.

A very interesting game of baseball was played at the South City grounds last Sunday between Tom Connelly's South Citys and the Burlingames. The South Citys won, with a score of 10 to 2.

Installation of officers in Carpenters' Union, No. 1638, will take place next Monday evening, July 1, at Rollins' Hall at 8 o'clock. All members are requested to attend.

Tomorrow being the Sunday before Independence Day, the address after morning prayer at Grace Church will be pertinent to the season. Everybody is welcome.

W. J. Vanderbos, former proprietor of the Linden Hotel, with Mrs. Vanderbos and daughter, will leave early next month for a two years' visit to the old country. We shall miss them. We wish them a pleasant voyage.

Mrs. Mary Mylar came up from Hollister to attend the graduation exercises at the State Normal School, as her niece, Miss Ethel McIntyre, was one of the graduates. Miss McIntyre was a very good student while at the Normal and it is thought she will make a successful teacher.

Miss Nellie Hannigan, who for a year past has held an important position with the W. P. Fuller Company at their South City factory, is leaving for Los Angeles. Climatic conditions, we understand, are the reasons given for going so far away from the hub, but perhaps the future hub will center in Los Angeles. We had thought the bells would ring in South City.

The members of the South City Dramatic Club spent a very pleasant evening at the residence of Mrs. A. Hynding last evening, as invited guests. During the evening a graduating present was given to Mr. J. Lawrence McCarthy, under whose direction the Club presented the farce-comedy "Confusion" at Metropolitan Hall last Saturday evening.

The California Amusement Company will give a moving picture and vaudeville entertainment in Metropolitan Hall next Monday evening, July 1st. Al Lind, monologist, late of the Orpheum Circuit, will be one of the attractions, as well as Harry Howard, baritone singer. The pictures are all the latest, with scenes laid in both America and Europe. Reserved seats can be had at South City Pharmacy.

## SUPERVISORS REJECT COURTHOUSE BIDS

It is Believed There Was Colusion in Their Submission—Board Will Readvertise.

The board of supervisors of San Mateo in special session Monday shied at the bids offered by contractors for the restoration of the county courthouse. Believing five active and rival firms were out for the contract, the revelation that but two had taken up the proposition has put a bee in the official bonnet and the deal will be probed. By unanimous vote the figures submitted by W. F. Hanrahan, a street contractor of Palo Alto and San Francisco, of \$174,840, and the American Hawaiian construction company of \$170,000 were rejected summarily.

The construction of the courthouse formerly cost the county about \$200,000 when it was constructed by the Hawaiian company.

But \$150,000 has been set aside to restore the building, this figure being set by the architect employed by the county as ample for the purpose and the money was raised accordingly by bond election.

The board will advertise for bids to be submitted on Monday, July 29.

## GUGGENHEIMS DECLARE SMELTER IS HARMLESS

Say They Can Prove Fumes Will Not Injure Vegetables in Neighborhood of Alameda.

A dispatch in the San Francisco Call says: President F. Sumner Loop of the city council has reported to that organization that he recently conferred with the representatives of the Guggenheims, who are erecting a large copper smelter on the bay shore near Baden in San Mateo county to ascertain whether the promoters of the plant had decided because of the general protest against the smelter to abandon the project.

Loop says that the Guggenheim people told him that they intended to carry out their plans and erect the smelter and that they were prepared to prove that there would be no danger or menace from the smelter fumes because of the scientific method in which the fumes would be treated before escaping. Alamedans fear that the copper fumes will prove deadly to vegetation within a radius of 20 miles of the smelter.

## HUNTERS' LICENSE LAW.

The Hunters' License Law, passed at the last session of the Legislature, goes into effect on July 1st.

For the convenience of those residing at a distance from the county seat and to save them time and expense, the California Fish Commission has had prepared hunters' application blanks, which may be obtained by addressing request for the same to the county clerk or to the fish commission at San Francisco. On receipt of the application properly filled out, enclosing money order, the hunters' license will be promptly forwarded to the desired address.

Following is a synopsis of the new law:

"An Act to regulate and license the hunting of game birds and animals and to provide revenue therefrom, for game preservation and restoration and to make appropriation for the purpose of carrying out the objects of this Act. The sections provide as follows:

"License required to hunt game during open season; how license may be procured; to whom issued and cost; statement to county clerk; duration of license; disposition of license moneys; license not transferable; must be exhibited to officer; penalty for violation of act; persons may hunt on own grounds."

A complete copy of the new hunters' license law can be obtained by communicating with Chas. A. Vogelsang, Chief Deputy of the Fish Commission San Francisco, Cal.

Lost—A gold locket with solitaire diamond, initial J. L. M. on back, containing a lock of hair. Finder please return to Lodge Cafe and receive suitable reward.

Office on Linden Avenue near Bank.

SATURDAY.....JUNE 29, 1907

The proper officials should see to it that children shall not be permitted to play slot machines in South City.

In rejecting the two bids submitted to them for reconstructing the San Mateo County Court House the Supervisors did the proper thing. From appearances it would look as if there were collusion in the matter. The Board is not disposed to buy bugs.

### ABOUT PEOPLE AND THINGS.

Palo Alto is getting lonesome. It wants to break into our boom county.

What do you think of the ENTERPRISE this week? Ain't we patriotic?

People will not know what confusion is until they see "Confusion."

Brer. Chapman is the power-ful light-weight champion of South City.

Judge Cunningham says that South City is the best place in the world.

There is some talk that Frank Knowles, the busy lumberman, will soon have to have an automobile.

The Rev. Mr. Dodd very modestly accepts the compliments he is receiving as a cartoonist.

Supervisor Eikerenkotter denies that he is the handsomest man on the board.

All the county officials will be in South City on the Fourth, each rigged out in his best bib and tucker.

It is said that the Fourth of July committee will not object to people feeding the bivolopus peanuts next Thursday.

The oysters in the bay are laughing in their shells over the remarks made that they will be destroyed by smelter fumes.

Tom Connelly's South City baseball club is a bunch of winners. Look out, Tom. The big leaguers may gobble them up.

Merchant Langenbach is happy over the way his son's piano playing and buck and wing dancing were applauded Saturday night.

At times, when talking, one would think Tom Burns was mad, but he is not, dear reader. His anger is only skin deep.

Our hustling President of the Board of Trade, Adolph Jacobs, denies that he is going to ride the bivolopus in the parade on the Fourth.

W. J. Martin, who will officiate as President of the Day on the Fourth, is thinking seriously of suing the Call for libel for calling him a capitalist.

Andy Hynding, the genial purchasing agent for the Western Meat Company, bears the weight of his responsibilities like a veteran.

Doe. Plymire is overcome with the congratulations he is receiving on account of the good acting of his wife in "Confusion" last Saturday night.

One of the features of South City is the stern dignity of Judge McSweeney when lecturing a gang of hobos brought before him for sentence. No offense, Judge.

## TRUCE FOR FOURTH DENIED BY CARMEN

The following letter, which is self-explanatory, was sent by the South City Fourth of July Committee to Richard Cornelius, who, in his answer received this morning, states that it will be impossible to grant the request: Mr. Richard Cornelius, President of Carmen's Union—Dear Sir: South San Francisco, San Mateo County, has arranged for the largest Fourth of July celebration ever given on the Peninsula. When preparations for this event were commenced, about two months ago, the citizens were in hopes that the street car strike would, by that time, be amicably and satisfactorily adjusted. It is with regret that we note that this is not the case, nor does there seem any possibility of an adjustment between now and the Fourth of July.

As it is our desire to make a success of this affair, and transportation cuts the largest figure toward this end, we earnestly request of you that a truce be declared upon the Fourth of July so that the people may enjoy this day. The sentiment of the vast majority of this committee is with the carmen, as it is composed mainly of members of the fraternal societies of South City and who are laboring men. It is useless for us to comment upon their loyalty to you and your men, in refraining from riding to and from their work. We simply mention this fact to impress upon you THAT THERE IS "NO NIGGER IN THE WOOD-PILE." This idea has suggested itself to us from the fact that upon the bloodiest battlefields a flag of truce has been raised in order to bury the dead, and that mortal enemies have labored side by side, and that in this duty enmity and malice have been forgotten.

While we appreciate the fact that the struggle between capital and labor is as keen and the feelings as tense as ever, nevertheless we are convinced that the raising of a flag of truce upon our natal day would be a gracious act. It would not only militate in the carmen's favor, but as an object lesson to the United Railroads, as the number of people who would ride that day would impress upon them the amount of money that they could realize by effecting an early settlement. We are satisfied that if the struggle is still on on the Fourth of July it will only intensify the feelings of discord and discontent now prevailing.

We sincerely trust to receive a favorable reply from you, as we are convinced that the majority of the people will refrain from participating in the various Fourth of July celebrations unless they have the assurance that in riding on the street cars on this day they have the sanction and good will of all connected with this struggle. We have gone to an enormous expense in making preparations, and hope that you will give this matter the consideration that it merits.

Yours respectfully,  
FOURTH OF JULY COMMITTEE.  
ADOLPH JACOBS, Chairman.  
South San Francisco, San Mateo County, June 24, 1907.

## "CONFUSION" WAS A TREMENDOUS SUCCESS

Continued from first page

Langenbach gave a splendid exhibition of buck and wing dancing, which was heartily applauded.

The floor was then cleared and dancing prevailed until midnight. Many visitors from San Francisco and many points in this county were present.

During the evening ice cream, ices and cake were dispensed.

### NOTICE

All business houses are kindly requested to close at 9:30 A. M. on July 4th, and keep closed all day.  
FOURTH OF JULY COMMITTEE.  
ADOLPH JACOBS, Chairman.

### "The Peace Conference."

Don't fail to see the exhibition in one of the Jacobs Company's show windows, entitled "The Peace Conference."

This office is prepared to do all kinds of commercial printing in a first-class manner.

Supervisor Eikerenkotter's wife and daughters, Lena and Emma, have returned from their visit to Southern California.

## RUNAWAY HORSE KILLS SON OF JOHN FISHER

Was Playing on San Bruno Road  
When Struck—Died a Few  
Hours After Accident.

Last Sunday afternoon, about 4:30, a horse, while being driven by Peter Mitchell, in the employ of Leon Galatoire, the butcher, ran away on Grand Avenue. The horse ran at breakneck speed down the Avenue until it reached San Bruno road, where it turned north and young Mitchell was thrown out and considerably bruised. The horse continued in its mad course in the direction of Peck's lots. There were several children in the roadway, and all escaped except one little tot four and one-half years old named Rudolph Fisher, son of John Fisher, an employe at the abbatoir, who was struck by the runaway and fatally injured.

Dr. Bramley Plymire attended the little sufferer, who gradually sank and died early Monday morning. Acting Coroner Judge McSweeney subpoenaed a jury who viewed the remains. The inquest was held Tuesday evening, when the jury would not place the blame for the boy's death. The funeral took place on Wednesday.

The parents of the dead child have the sympathy of the entire community.

### LUMBERMAN INSTANTLY KILLED

Fidele Delamone, an employe of the California Timber Company, working at the Waterman Creek Lumber Mills, in the southwestern part of the county, was instantly killed by the slipping of a cable. Delamone was engaged in oiling skids in front of a large pile of lumber logs when the cable by which they were controlled slipped and coming in contact with his head tore open his brain, causing his instant death. Delamone was very popular among the workmen and his employers. A coroner's jury exonerated the company. Delamone leaves a wife and two children, who are in Italy.

### PRIEST BADLY BITTEN.

Rev. Father Lally, of St. Patrick's Church, San Jose, met with a painful accident Wednesday morning at San Mateo as he was on his way to perform the marriage ceremony that was to make Miss Rose F. Cuneo the bride of John L. DeBenedetti. A vicious dog leaped upon him suddenly from a garden and before the priest could defend himself the animal had torn his face and badly lacerated his scalp. Father Lally was taken to the Welch residence, where he is attended constantly by a physician. It is feared that he may be disfigured for life. No one is more popular in the San Jose parish than Father Lally and everything was done to alleviate his suffering.

### WILL PALO ALTO SECEDE?

Should the people of Palo Alto decide, as Mayor J. F. Parkinson of the college suburb intimated some time ago, to renounce allegiance to Santa Clara county and join San Mateo, they would receive a cheerful reception. According to J. H. Coleman, of San Mateo, president of the county board of supervisors, the annexation of Palo Alto would be generally favored in this country. Supervisor Coleman, however, said that he regarded the town as too choice an asset to be lost by Santa Clara without a bitter fight.

### CAR COLLIDES WITH WAGON.

A San Mateo car while on its way down the peninsula ran into a wagon crossing the track near San Bruno Thursday morning. There is a clump of trees between the cross-roads at this point, and the motorman, A. Anderson, says he failed to see the wagon until it was too late to stop the car. Two men, N. Bilitonia and Otto Soda, were on the wagon and were thrown quite a distance by the impact. Soda was so badly hurt that it became necessary to amputate one of his arms, which operation was performed by Drs. H. G. and D. R. Plymire. Bilitonia sustained a dislocated hip.

Motorman Anderson and Conductor W. S. Rand were arrested and gave bonds for their appearance to-day before Judge McSweeney.

Friday afternoon the two men were reported as getting along nicely with good prospects of recovery.

### PLENTY OF SMELT

Smelt are running in large quantities at the packing house wharf, and the Isaak Waltons of South City are in their glory catching their full measure.

### Delinquent Taxes.

The following named taxpayers of South City are noted in the official list as being delinquent in the payment of their taxes: Dennis D. Casey, A. A. Collins, Jubelina Dan, Emilio Eserini, Annia Jacobson, Hannah Lynch, W. E. Gilman and P. G. Lynch, T. Cooper, N. Merriam, Aug. Neugebauer, Marg. O'Donnell, San Mateo County Building and Loan Association, R. W. Smith, South City Mutual Building and Loan Association, James Walters.

## RIDE FOR MILES IN BLAZING AUTO

**MOTORISTS NEAR FRESNO SUDDENLY DISCOVER FLAMES CONSUMING MACHINE.**

**Blaze Extinguished After a Desperate Struggle in Which One Man Is Severely Burned.**

Fresno, June 28.—Whizzing along at a speed of twenty-five miles an hour, Alfred Ehmann, formerly of this city, and Fuller Gates of the Pacific Motor magazine were amazed to discover the tonneau of their machine blazing. The car was brought to a stop and the occupants fought the fire with gunny sacks, extinguishing it after the tonneau, a rear wheel and the seats of the machine had been destroyed. Ehmann was badly burned about the face and neck and was brought to Fresno for medical attention.

The men were on their way from Los Angeles to Fresno in a large Pope Toledo touring car, when six miles the other side of Tipton, after leaving Bakersfield, they struck a straw-covered road. The theory is that straw collected in the muffler and ignited. Citizens of Tipton observed the blazing automobile as it rushed by, but were unable to warn the occupants. For seven miles the machine raced and the fire blazed. Gates and Ehmann were brought to Fresno in a machine sent down to Tipton.

### Yale Beats Harvard.

New London, Conn., June 28.—In such a smashing, gruelling, headlong finish as stamps it as easily the greatest contest ever fought by the two ancient rivals of the Thames, the Varsity crew of Yale yesterday beat Harvard's shell across the winning line by a scant three-quarters of a length.

From the starter's pistol-shot to the very end the race was one heart-breaking struggle for an inch of gain. Rowed just at sundown up river through one long lane of vessels with 10,000 yelling spectators watching from trains on both banks, it was the most beautiful regatta picture of all those that have been painted on the bosom of the Thames.

### Harriman Arrested.

New London, Conn., June 28.—E. H. Harriman, the railroad financier, was arrested during the Yale-Harvard Varsity race here yesterday by order of Lieutenant Ballard, President Roosevelt's naval aide, and held aboard the revenue cutter.

The reports say that the railroad magnate was trespassing upon the waters of the committee boat, whereupon was Lieutenant Ballard, who frequently warned the Harriman launch aside. Harriman, paying no attention to the warnings given, was placed under arrest.

### Posse Surrounds Stage Robber.

Wawona, Cal., June 28.—A telegram from Ahwanee says that the Sheriff of Mariposa and Madera counties have tracked the bandit who held up the Yosemite stages to a point twenty-five miles from the scene of the crimes, and now have him surrounded in the Chowchilla mountains. The robber traveled by a circuitous route to the place where he now is in hiding. Jack McQuirk, who brought in the news of the chase, is confident that the bandit will soon be captured or killed.

### Morenci, Arizona, Swept by Fire.

Morenci, Ariz., June 28.—The entire saloon district known as Newtown, situated one half mile from Morenci, burned to the ground last night with a loss of from \$75,000 to \$100,000. The buildings were mostly frame and carried only \$3,000 insurance. Twenty-five buildings, including saloons, restaurants, stores and houses were totally destroyed.

The fire started in a room above a saloon and in less than an hour the town was in ashes. No deaths occurred.

Saloons were being opened today in tunnels and canvas tents.

## COMMITTEE REPORTS

**COMMUNICATION FROM ARGENTINA REGARDING ARBITRATION READ AT HAGUE.**

The Hague, June 28.—The first sub-committee of the first committee (arbitration) met yesterday, M. Bourgeois presiding. M. Bourgeois read a communication addressed by the Pan-American Congress held at Rio de Janeiro to the Government of the Netherlands, for transmission to the peace conference, announcing the results reached on the subject of arbitration and expressing the hope to see these principles adopted by the conference in a form corresponding with the interests of the civilized world. M. Bourgeois also read a communication from Argentina regarding arbitration in general and its relation to The Hague Court of Arbitration.

The Argentine delegation submitted the text of all the arbitration treaties concluded since the conference of 1899. M. Bourgeois therefore invited suggestions on the subject. He pointed out that the conference is a diplomatic assembly and not a parliamentary one, adding that the reading of articles did not imply their adoption.

Eight articles were read without observations except from Joseph H. Choate, who proposed the addition to Article III of Part II, the words, "and to the desired end" that the signatory powers should offer their good offices and mediation.

### A Sacramento Tragedy.

Sacramento, Cal., June 28.—Miss Winnie Leavit, a well known young woman of this city and a stenographer for a local hardware firm, was shot and fatally wounded yesterday by E. J. Rogers, an employee of the store, who had become much attached to her but whose love she did not reciprocate. The shooting took place in the main office of the firm and was witnessed by about twenty of the employees.

Rogers came here about a year ago from Oakland, where he has a young brother residing. His mother was killed nine months ago by an Oakland train.

After shooting Miss Leavit, Rogers went to the basement of the store and fired a bullet through his heart, dying instantly.

### Must Finish State Capitol.

Sacramento, June 28.—Governor Gillett, Attorney-General Webb and Secretary of State Curry, comprising the Capitol Commission, met yesterday to consider the delay in the work of finishing the repairs to the State Capitol building, and after considerable discussion directed the Secretary to notify the firm of A. Merrill & Co. of San Francisco that work must be commenced on the steel staircase at once. If this order is not complied with steps will be taken to forfeit his contract and recover damages from the bondsmen. The work was to have been commenced some time ago and the commissioners are greatly annoyed by the delay.

### Woman and Horses Drowned.

Helena, Mont., June 28.—A dispatch to the Record from Terry, Mont., says that a cloudburst occurred about twenty miles distant in which one woman and about seventy horses were drowned yesterday.

### Three Persons Killed by Lightning.

New York, June 28.—A death-dealing electric storm yesterday afternoon, following a day of sweltering heat, soaked with humidity, swept over the city and surrounding territory, killing three persons, injuring several, causing many fires and doing considerable damage. In this city proper the only places struck were two churches. The steeples of both were torn to fragments by the lightning bolts.

### Court Was an Arsenal.

Los Angeles, June 28.—Judge Hutton adjourned Department 7 of the Superior Court yesterday for five minutes to allow principals and witnesses in the Catala canyon cattle case to deliver their guns to the bailiff for safekeeping.

## UNIFORM BILL OF LADING

**FORM OF BINDING AGREEMENT HAS BEEN DECIDED UPON BY SHIPPERS.**

**If Ratified by the Railroads Will Give Much Relief to All Parties Concerned.**

Chicago, June 28.—A binding agreement between shippers and the railroads, the dream of American commerce, in the form of a uniform bill of lading, practically has been agreed upon. Representatives of commercial interests and all the trunk lines of the country have settled upon the form of the new bill and the Interstate Commerce Commission has concurred. It will be submitted for the ratification of the railroad and commercial interests of the country early in July.

The effect of the ratification will be to make the new bill of lading a part of the Interstate Commerce law. The shippers then will have the thing for which they have clamored for the last decade—a railroad receipt binding on the carriers. The negotiations have been thus far carried on by railroad representatives and members of the board of directors of the Illinois Manufacturers' Association and the American Shippers' Association.

The new bill will hold the initial road and its connections liable for a shipment from the time it is delivered to the company until it is delivered to the consignee at its destination.

The Illinois Manufacturers' Association has pressed the matter before the Interstate Commerce Commission for three years. The conditions were agreed upon at a conference May 24 and 25 in Chicago. The conditions were placed before the Interstate Commerce Commission with the view of having them incorporated in a law that would be mutually protective and it was agreed that a draft of the bill of lading and conditions would be submitted to the railroad and commercial interests of the country early in July.

### Strawberries as Big as Potatoes.

New York, June 28.—Patrick O'Mara, one of the speakers last night at a dinner of wholesale seedmen who have been holding a convention here, caused a stir by announcing that a new fruit is being raised in New Jersey which will be known as the "Millionaire Strawberry." O'Mara said that the new strawberry would be almost as large as a Burbank potato. He visited the farm in New Jersey, he said, where the new fruit is growing and found that nearly two carloads will be ready for market next season.

### \$15,000,000 Contract Let for Cars.

New York, June 28.—The Harriman, Gould and other large railroad systems have placed car contracts within the last few days calling for an expenditure of \$15,000,000, and orders are pending for others to the value of fully \$10,000,000. Heavy contracts are also about to be given for locomotives for use on Eastern lines. The principal contracts call for 14,100 freight cars. The Harriman lines have ordered 6,000 refrigerator cars. The Missouri Pacific has contracted for 7,000 freight cars. Most of these will be delivered this year.

### Mail Carriers Go On Strike.

Butte, Mont., June 28.—All of the mail carriers of this city went on strike last night, the men declaring they could not live on the present scale of wages paid by the Government, despite the increase which becomes effective July 1. The men have been receiving \$600 for the first year and \$850 for succeeding years.

### 500 Chinese Burn to Death.

Victoria, B. C., June 28.—Mall advices from Hongkong tell of the destruction of a native theater in that city, when 500 of the audience and ten of the actors were burned to death.

## DETECTIVE IMPLICATED

**ENGINEER IMPLICATES DETECTIVE IN EFFORT TO WRECK TRAIN.**

Boise, Idaho, June 28.—The greater part of the morning session of the Steunenberg murder trial was used in completing the examination of William F. Davis, whom Orchard swore inspired several of the principal acts of violence committed at Cripple Creek during the strike. Senator Borah searchingly questioned him as to the Cripple Creek strike and its principal events, the meeting at Denver after the Independence station was blown up and the subsequent journey to Wyoming.

Ed. Boyce, formerly president of the Western Federation of Miners and now one of the owners of the Hercules, was called to the stand before the noon recess. Boyce, under the guidance of Darrow, amused the court room as he told, with a ready Irish wit, how in 1893, James H. Hawley, now leading counsel against Haywood, but then retained as counsel for the miners, suggested to Boyce while the latter was in Boise, the organization of the Western Federation of Miners as an offset to the Mine Owners' Association.

W. W. Rush of Denver, formerly an engineer on the Florence and Cripple Creek Railroad, was the next witness. Rush was engineer of the train which the Western Federation of Miners claims an attempt was made to wreck in order to put the blame on the union. Rush said there were two attempts. As to the first he knew nothing but as to the second he received information.

"Who from?" asked Darrow.

"D. C. Scott, chief detective, told me on the night of November 14, 1903, to be very careful in running that night as another attempt would be made to wreck the train between Economic Mill and Victor. He said they would attempt to throw the train into the ditch near the overhead crossing. I said I did not think they would. Scott then asked me if I knew of any other good place to wreck a train along there. I said it might be done at the second left hand curve east of the overhead crossing. Scott repeated the location after me. On the 11:55 trip to Bull Hill that night Scott got on the train and told me to stop near the second left hand curve. I did so and two men dropped off the rear end of the train. One was tall and the other was short."

### MARK TWAIN AT OXFORD.

**Famous Humorist Is Highly Honored by Venerable University.**

Oxford, June 28.—With thirty men distinguished in politics, art, science or letters, including Premier Campbell-Bannerman, Lord Chancellor Lorne and Speaker of the House of Commons, Mr. Lowther and General Booth, Mark Twain received an Oxford degree yesterday. The visitors included Ambassador Reid and numerous other Americans. Lord Curzon, chancellor of the university, presided. Mr. Reid was cheered upon entering the theater, but a great ovation was reserved for Mark Twain, the lion of the occasion. Every one rose when he was escorted up the aisle and he was applauded for a quarter of an hour.

When the American humorist was presented, the students started a fire of chaffing about his books and their heroes, mixed with frequent questions such as "Where is your white suit?"

Ambassador Reid received the degree of bachelor of law, as did General Booth, the warmth of whose reception was only exceeded by that accorded to Mark Twain. The crowd waited outside the building to cheer Mark Twain, as, wearing the scarlet robes of a doctor of letters, he marched in procession to the chancellor's residence, where those honored by the degrees were entertained.

### Fatally Burned.

Los Angeles, June 28.—Mrs. Louise Rohan, wife of F. G. Rohan, and mother of four children, was burned to death by an explosion of gasoline at her home at 825 Tennessee street. Mistaking a can of gasoline for a can of coffee, she put it on the stove, when the explosion occurred.

## BANKING LAWS ARE CRUDE

**WASHINGTON BANKER SAYS WE ARE SLOW IN WORKING OUT FINANCIAL SYSTEM.**

**Declares Banking and Currency Laws of America Are Crude and Belong to the Ox Cart Period.**

Cincinnati, O., June 28.—In an address before the Ohio bankers in session here, Milton E. Alles, vice-president of Riggs' National Bank of Washington, said:

"Probably not since the days of Andrew Jackson has interests in the relation of Government and the banks been greater than during the past year."

Mr. Alles pointed out the singular fact that while America was quick to adopt modern methods in almost every field of endeavor, it has been slow in working out a financial system that would keep pace with the extraordinary development of the country; that, while we taught the old countries new methods in arts and industries, our currency and banking laws had remained crude.

"They do not belong to this era of modern equipment," he said. "They belong to the days of the ox cart and the sail ship and have no place in an age of electricity and steam."

Mr. Alles demonstrated how necessary it is under our present system for the Secretary of the Treasury to give occasional assistance to the money market in order to avert financial disaster. Every treasurer in the past thirty or forty years had been obliged to render such assistance.

"It was made necessary by reason of the accumulation of revenues in the vaults of the Government and the taking out of circulation just so much money as was received by the Government," continued Mr. Alles. "Every reason why such relief should be extended existed, yet every Secretary of the Treasury, by giving the assistance had subjected himself to political criticism from his opponents, and so long as we maintain an independent treasury into which is poured our surplus revenues necessitating subsequent distributions among banks, so long will political opponents continue to inflame the public mind."

Mr. Alles said that the Government surplus for the current year would amount to between \$85,000,000 and \$90,000,000 and that the locking up of so vast a sum could not be tolerated as it would be followed surely by financial disaster. He suggested that the policy be reversed and that the collections be made through the banks, by drawing such amounts from the banks as are needed to meet expenditures. He thought this place nearly an ideal one under existing laws. By it the Secretary of the Treasury would escape the unreasonable criticism leveled at him by political opponents or any trouble that might arise concerning financial or commercial life the public and the banks and not the Treasury, then would be responsible. Mr. Alles pointed out that it might be necessary to have some governing authority or central institutions stand in a position to afford relief.

He urged that the adoption of such a plan would render our circulation more elastic and would eliminate some of the evils of the present system. Mr. Alles concluded:

"In the meantime and pending the consideration of other laws we must do the best we can under existing conditions. That these troublesome problems are receiving the earnest attention of Mr. Cortelyou is evinced by the fact that he has appointed a commission to study the relations between the Treasury and the banks with reference to the distribution of public funds."

Nogales, Ariz., June 28.—The northbound passenger train on the Sonora railroad was partially wrecked last night and the engineer and fireman badly scalded when the engine ran into a bull lying on the track.

## REDWOOD CITY NOTES IN BRIEF

Miss Katie Wright, of San Jose, is visiting relatives here.

Mrs. Dr. Cluness, of Berkeley, is visiting her twin sister, Mrs. B. Cooper.

David H. Walker, a Stanford student, is spending his vacation in Redwood, reporting for the San Francisco Call.

Miss Margaret Dorse leaves today for Iowa, where she will spend her vacation visiting relatives and friends.

Professor Merrill, of the Lick Polytechnic School of San Francisco, is erecting a fine house in Wellesly Park.

Among those who received their sheep skins at the State Normal at San Jose were Miss Susie M. Beeson and Miss Celia B. Watrons of this city.

James Hedge, of Goldfield, Nevada, accompanied by his wife and son, is visiting his parents, Mr. and Mrs. M. Hedge.

The entire teaching force of the grammar school has been re-elected for another year and their salaries are to be paid for twelve months instead of ten as heretofore.

Two Jesuit Fathers are holding a Mission in Mt. Carmel Church. The meetings, which are of great interest and well attended, will last throughout the week.

A Missionary Tea was held at the home of Mrs. Sarah Wentworth on Friday afternoon. The topic discussed was the negro problem in the South and the work done in their behalf the past forty years.

Geo. Bettin went to Los Angeles on Thursday to represent the local society of Christian Endeavor at the State convention. George will spend some days in sight seeing and visiting before returning home.

Rev. Kirtland and family will go to Saratoga on the 1st of July for a month. During the pastor's absence Rev. McClusker, of the M. E. Church, will preach in the morning. No evening service.

Alfred Beer, eldest son of A. J. Beer, died at his home on Heller Street on Friday last of enlargement of heart and liver. Deceased was a native of Chicago but had lived in this City since childhood. He was 35 years of age, and leaves a young wife and child, beside his parents and several brothers and sisters.

N. B. Graves, for many years a merchant in this city, died in San Francisco on Monday last of heart failure. He had been a sufferer from asthma for many years, so his death was not unexpected. Deceased was a native of New York, and his funeral was under the auspices of the Masons, of which body he was an honored member.

A farewell reception was tendered to Mrs. B. T. Cooper by her fellow-members of the Relief Corps, at the home of Mrs. E. J. Murch. The Lodge presented Mrs. Cooper with a handsome piece of silverware as a token of appreciation of her services in the work of the Corps and regret was expressed that Mrs. Cooper was soon to leave Redwood.

### LABOR CONFERENCE.

Secretaries Strauss, Garfield and Metcalf, of Washington, D. C., will attend a conference, to be held late in July in San Francisco, composed of representatives of boards of trade, commercial and labor organizations, which will discuss labor troubles and endeavor to find a means to prevent them. The South City Board of Trade will be represented and it is the intention of President Jacobs to introduce resolutions asking the State Legislature to adopt the New Zealand Compulsory Arbitration law to be put into effect in California.

### NOTICE

An anonymous communication has been received at this office, announcing the coming marriage of a young couple. The ENTERPRISE wishes it distinctly understood that no attention whatever will be paid to communications without proper signatures and addresses.

Window shades, 45c; good quality. W. C. Schneider. j8tf

## SOME UNIVERSITY OF CALIFORNIA ITEMS

President Wheeler has announced to the Regents of the University his declination of the Presidency of the Massachusetts Institute of Technology, recently tendered him, and his decision to continue his present work at the University of California.

Word is received at the university that Dr. George A. Reisner, formerly connected with the faculty and now working on behalf of Mrs. Phoebe A. Hearst in Egypt, has been appointed archaeologist in charge of the excavations of the Egyptian government in Nubia. The archaeological work about to be undertaken is the most remarkable ever conceived. It is to be nothing more nor less than the continuous excavation of both sides of the Nile from Kalabsche to Derr, a distance of 150 kilometers. This is rendered necessary by the decision to raise the Assuan dam another 8 meters. Professor Maspero, the head of the department of antiquities, is to have charge of the restoration of the known temples, and the copying of their inscriptions. Captain Lyons, head of the survey department, is in charge of the topographical and archaeological survey, and has assigned to Dr. Reisner the task of excavating the monuments at present buried under the soil and the recording and publishing of these excavations. The work is expected to last five years.

Dr. W. S. Ferguson, associate professor of Greek and Roman history, who is absent on leave in Europe, has sent word to the university regarding his experiences abroad. His comments on libraries in various places which he has visited are most instructive. Of the Harvard Library, he says that for facility of access to books and for richness of materials it is superior to anything he has found in Europe. He says that he can do his work more satisfactorily in Cambridge than in Berlin or London, because of the greater rapidity with which he is able to avail himself of the library privileges. "For the hunting up of references," he says, "and the bibliographical work in general, the freedom of the American library is almost indispensable for me. It is a great evil when a library bureaucracy gets established as in Italy and Germany, and comes to regard its office as self-sufficient, subject to its own law, and having as its own peculiar end the preservation of books." In Rome Professor Ferguson found the library of the German Institute surprisingly good; it contained the archaeological works which he needed, and inasmuch as it is "managed by scholars and not by librarians, there are no vexatious delays in getting books and no limitations upon the number to be drawn at once." "The library at Torino Professor Ferguson found fairly good. Dr. Sanetis, Professor of Ancient History in the university, secured for him all the privileges of a local professor; still with even this advantage the restrictions were numerous and exacting, and he could work only with considerable inconvenience.

The annual summer session opened Monday last with 493 applications for admission, and 435 students actually registered. The faculty, students and visitors met in general assembly at the first university meeting in the afternoon. Dean Reiber formally welcomed the attendants and issued announcements of general interest. Professor Harry Suzzallo addressed himself particularly to the teachers, presenting the opportunities offered in the session to supply needs commonly felt in teaching. Professor H. Morse Stephens extended a hearty welcome to the auditors, and expressed his conviction that persons who came merely to listen to the lectures, and who were frankly opposed to taking examinations, were welcome to the professors. The meeting was held in Hearst Hall and was well attended.

### PROPOSED NEW RAILROAD.

Professing to represent large Eastern capitalists, two San Mateo residents have petitioned the board of trustees for a franchise to operate electric cars in the town and to Burlingame by means of the underground conduit system. Elaborate plans are displayed by the promoters, who refuse to divulge their backers in the deal. At the meeting of the board the plan was passed over until the proposition has been investigated and will come up for final action in two weeks.

## HALF MOON BAY ITEMS

The crop outlook on the coast this year is exceptionally good. While the crops will not be as large as formerly they will be of much better quality and will thereby bring good prices. The fact that so many hundred acres have been withdrawn from cultivation lessens the crop to a great extent, but as a whole the crops on the coast side this year will be exceptionally good.

Despite the reports to the contrary the contractors are still at work on the road bed of the Ocean Shore and are making good progress toward completing the road. In another week the road bed from Point Pedro to Half Moon Bay will be practically complete. The work in the vicinity of Point Montara is nearly finished; Contractor Erickson expects to complete his contract in another week, then all will be ready for the rails. J. B. Rogers, chief engineer of the Ocean Shore, was on the coast side Tuesday inspecting the work. He is well pleased with the progress which is being made and predicts an early completion of the road.—Review.

### FUN FLASHES

"Your daughter is a skillful performer on the piano, is she not?" "Yes," answered Mr. Cumroz. "The way she can play for hours without getting an earache or a sprained wrist proves to me that she is uncommonly expert."—Washington Star.

The hero has just taken up the gauntlet for the fair lady. "Just wait," murmured the benedicts; "in another year he will be taking up the carpet." Thus does real life break in on sweet romance.—New York Sun.

"So you are married again? But do you not remember that at the death of your first wife you declared that your grief was too great—that you could not endure it?" "Oh, you misunderstood me! I merely said that I could not endure it alone."—Fliegende Blaetter.

### CARD OF THANKS

We wish to tender our heartfelt thanks to our kind friends and acquaintances and the fraternal orders of South San Francisco for the sympathy shown us in our sad bereavement in the loss of our dear son and brother, Rudolph Fisher, and for the beautiful offerings. JOHN FISHER, ADELINE FISHER AND FAMILY.

## FRATERNAL ORDERS

### F. O. E.

The Eagle will scream during the parade July 4.

### I. O. R. M.

All Redmen on the reservation of San Mateo county, knowing that the "Great Spirit has spoken," will trail to the hunting grounds of South City and visit Tippecanoe Tribe July 4. At its last council fire this Tribe elected its officiating Chiefs for the ensuing term, as follows: Prophet, Harry Edwards; Sachem, L. G. Swarthout; Senior Sagamore, J. Guerra; Junior Sagamore, J. Devine; Keeper of Records, G. E. Kiesling; Keeper of Wampum, E. Stohl; Representatives to Great Council, George Kiesling, J. Fischer, Harry Edwards.

Wahnita Council, No. 35, Degree of Pocahontas, will have a float in the parade. Tuesday last they elected the following officers for the ensuing term: Prophetess, Sister G. Kiesling; Pocahontas, Mary McDonald; Wenonah, M. Silva; Powhattan, George E. Kiesling; Secretary, Emma Guerra; Treasurer, Al. Kauffmann; Representatives to Great Council, Sisters H. Cohen, F. Davis and Kiesling.

### U. A. O. D.

White Eagle Circle, No. 56, will hold a grand initiatory ceremony Monday evening next, July 1, in the Lodge Hall, Metropolitan building. The service will be conducted by the local team. Twelve applications have been accepted. A special dispensation will be granted to receive candidates who have not already sent in their names, but who may wish to join the Circle on this occasion. The charter will soon be closed, when the entrance fee will be advanced.

Watch the Druidess floats in the parade. Miss Mary McDonald returned from Los Angeles Wednesday. Miss Mary is wound up on Druidism now. Watch the Circle grow.

# To Manufacturers

The earthquake did but little damage to South San Francisco. The industries located here, the Western Meat Company, the Wool Pullery, the Butler Brick Company, the Pacific Jupiter Steel Company, the Steiger Pottery Works, the W. P. Fuller White Lead Works, and other enterprises, are all in full operation to-day. Not one of them having suffered any serious impairment by reason of the earthquake.

The South San Francisco Land and Improvement Company planned South San Francisco as a manufacturing suburb of San Francisco. With that object in view they originally purchased 3500 acres of land in San Mateo county on the bay front five miles south of the City of San Francisco, and have developed their property so that to-day they possess perfected nearly every feature desired by manufacturers.

## SOUTH SAN FRANCISCO

Is a railroad terminal; it is on the main line of the Southern Pacific Railroad and accessible to all railroads; has deep water communication; owns and operates for its industries, a railroad connecting with the Southern Pacific and the water front; has electric street car service from factory to town and direct to San Francisco; has an Electric Light and Power Company; owns an independent water works, and has an abundance of fresh water for factory and house; has wharves and docks; a perfect sewerage system; a bank; a town hall; and a population of 3000 people; an extensive and fine residence district, where workmen may secure land at reasonable prices and on favorable terms, as homes for themselves and their families.

## FACTORY SITES

Can be obtained from the South San Francisco Land and Improvement Company on most reasonable terms.

The American Smelting and Refining Company recently purchased from this Company 200 acres of land and are on the ground to-day arranging for the immediate construction of a plant costing upward of \$5,000,000. This means a vast increase in population, and a great augmentation for the benefit of all industries of every detail pertaining to rail and water communication.
